

DESSERT AND CANDY TABLES

We create custom candy / dessert tables to fit your style, taste & color choices for your wedding, bridal & baby showers, anniversary, birthday, graduation, office party or special event.

We will start by picking different candies, chocolates & other sweets and go over every detail, from how much candy you will need for each guest to the layout and design of the table.

We supply the jars, scoops and bags as well as decorations needed. We will deliver and set up your table at your venue and pick everything up when the party is over.

We will go over every detail until it is exactly how you want it or leave it to our design team and we can do the rest.

An event is not complete without a sweet dessert and candy table!

SMALL CANDY BUFFET

25 – 75 Guests

5-7 Different Candies

6-10 Jars
